The Support from Sponsors and Exhibitors 2019

The United Kingdom Continence Society along with the Manchester Local Organising Committee would like to thank the companies below for their sponsorship and support of the 26th UKCS Annual Scientific Meeting.

The UKCS is very pleased to have companies contributing to the scientific programme with the Contura Satellite Symposium plus Albyn Medical Ltd support for the Pre-Conference Course.

We are very pleased to welcome back established exhibitors from previous years and also welcome new names to the speciality.

Please visit the stands.

Arcamea
Stand Location: Da Vinci 3

Arcamea, a new women’s health brand from Sweden, is introducing its first product to the UK; the Efemia Bladder Support. Efemia is a non-surgical alternative for women to effectively and conveniently manage urinary leakage due to Stress Urinary Incontinence (SUI). Made from soft, medical grade silicone, Efemia is uniquely designed to reduce leakage from SUI by supporting the mid-urethra through the vaginal wall. A certified CE class IIb medical device, Efemia has been validated in a multi-center clinical trial.

**June Medical Ltd**

**Stand Location:** Michelangelo 6

Hello.

It’s that time again – when we get to meet up, discuss your experience with your current products, answer your questions and talk about all the new things we are bringing out in 2019.

This time we are reducing your laparoscopy duration with SPLITFIT, replacing your TVT needles with our new reusable ones for autologous fascia slings, and getting you less buttocks pain (well, your patients to be specific) with ANCHORSURE for your SSL fixations.

See you at the break!

Kind regards

Angela (Founder, Owner and Managing Director)
